PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

High School at Maddagiri.

READ—

Government Order No. E. 5925-27—Edn. 212-25-2, dated 26th April 1926, passing orders on the proposals of the Inspector-General of Education, regarding the further programme of development of High Schools in the State.

2. Letter No. G. C. 961—25-26, dated 3rd May 1926, from the President of the District Board, Tumkur, submitting a copy of the resolution of the District Board passed at their meeting held on 10th April 1926, expressing their willingness to contribute a sum of Rs. 2,500 (in addition to Rs. 10,000 promised by the people) on account of a High School at Maddagiri and requesting that the question of establishing a new High School at Maddagiri may be placed before the Government for favourable consideration.

3. Correspondence ending with letter No. Camp 1—525, dated 29th June 1926, from the Inspector-General of Education, requesting approval of his action in having, in the circumstances reported, taken necessary measures to open a High School at Maddagiri with effect from 2nd July 1926 and submitting proposals regarding the staff and other requirements of the school.

ORDER No. E. 933-89—EDN. 212-25-10, DATED 14TH AUGUST 1926.

The opening of a High School at Maddagiri is included in the programme of development of High Schools approved in the Government Order dated 26th April 1926 read above.

2. The Inspector-General of Education reports that the High School at Maddagiri is intended to serve mainly the needs of boys from the Middle Schools in the Maddagiri and Pavagada Taluks and the Koratagere Sub-Taluk proceeding to the High School stage, that it will be a fairly big school with 80 to 100 students every year in the IV Form as the

Middle Schools develop and the number of passes in the Lower Secondary Examination increase and that it will have to provide for two sections in each of the forms ultimately. He has also submitted proposals regarding the immediate and prospective requirements of the school involving an expenditure of Rs. 7,942 (both recurring and non-recurring) during the current year and a non-recurring expenditure of about Rs. 9,000 and an average recurring expenditure of Rs. 18,874 per annum ultimately when each of the High School forms will have two sections. He states further that excluding the sum of Rs. 12,500 which the people of Maddagiri (including the District Board of Tumkur) are prepared to contribute, the non-recurring expenditure to Government on account of suitable building and equipment for the school will be about Rs. 59,000 and suggests that the Chief Engineer may be requested to take necessary steps for preparing the required plans and estimates for the building and the construction of the building started as early as possible, the amount required for the current year being met out of the contribution of Rs. 12,500 referred to above.

3. In view of the urgent necessity for opening a High School at the place and having regard to the co-operation forthcoming from the people and the District Board of Tumkur, Government are pleased to sanction the opening of a High School with the IV Form class at Maddagiri with effect from the 1st week of July 1926, on the distinct understanding that the continuance of the school will be subject to the condition that a suitable building for locating the High School will be made available by the local people (preferably the Maddagiri Municipal Council) free of rent till a Government building for the school can be provided and the contribution of Rs. 12,500 will be credited to the Treasury before the close of December 1926. The scale of establishment and other charges required during the current year as modified and sanctioned by Government is indicated in the statement appended.

4. The Inspector-General will submit separate proposals as necessity arises regarding requirements in future years in respect of staff and other needs of the school and obtain orders of Government. He is authorised to purchase articles of furniture and other equipment required in the current year without reference to the Stores Purchase Committee.

5. The expenditure on account of staff and other items during the current year will be met from the additional grant of Rs. 8,000 provided for the purpose in the current year's budget.

6. The Chief Engineer is requested to take necessary action in consultation with the Inspector-General of Education to prepare plans and estimates for the construction of a building for the school. The Inspector-General of Education is also requested to correspond with the President, District Board, Tumkur, and Mr. Shama Sastry of Maddagiri and see that the contributions promised are credited to the Treasury on or before the close of December 1926.

P. G. D'SOUZA,
Chief Secretary to Government.

Statement showing scale of establishment and other charges sanctioned in connection with the opening of IV Form Class in the High School at Maddagiri.
